The Calais School Department has one or more schools that participate in Special Provision II or Community Eligibility Provision. This is also referred to as Provision II or CEP. All students enrolled in the schools listed below may participate in the School Breakfast Program and the National School Lunch Program at no charge. Household applications may not be required to receive free meals this year, but we use that data to determine eligibility for these programs and other programs such as Federal Title programs. All students will be served breakfast and lunch at no charge at:

- Calais Elementary School
- Calais Alternative School
- Calais Middle/High School

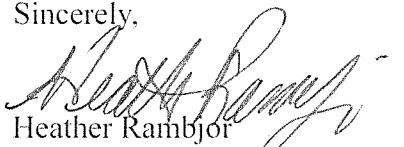

For additional information, please contact:

Heather Rambjor, Food and Nutrition Supervisor, at the Calais Middle/High School 207-454-2591

Studies show that children who are not hungry perform better in school. By providing both breakfast and lunch at no cost to students, we are helping to create a better learning environment. The school meals that we serve follow U.S. Department of Agriculture guidelines for healthy school meals.

The household economic applications were sent home the first week of school. Please complete and return the forms. If you need another copy, please contact your child's school secretary. Only one per family is needed.

Sincerely,

  
Heather Rambjor  
Food and Nutrition Supervisor
